

Massachusetts HIV Drug Assistance Program (HDAP)ⁱ and Comprehensive Health Insurance Initiative (CHII) Application Instructions

General Information

The **Massachusetts HIV Drug Assistance Program (HDAP)** is a program to help HIV-positive Massachusetts residents pay for drugs for the treatment of HIV and HIV-related conditions. The program assists clients by paying copays for prescriptions and, through the **Comprehensive Health Insurance Initiative (CHII)**, paying for health insurance premiums. HDAP can also assist clients with full pay coverage of prescriptions when they are temporarily uninsured.

Eligibility

To be eligible for HDAP/CHII, you must be a Massachusetts resident, be HIV-positive, and have a gross annual income from all sources of no more than 500% of the [Federal Poverty Level \(FPL\)](#) (an allowance is made for each legal dependent). You do not have to be a U.S. citizen to be eligible.

Instructions for Completing the HDAP Application

Before you begin completing this application, carefully review these instructions. If you need assistance, contact your case manager or call HDAP at (617) 502-1700, Option 1 or toll-free at (800) 228-2714. You may also email us at hdap@crihealth.org. We recommend sending a secure email through our secure portal (instructions: <https://crihealth.org/contact/#Secure>).

There are several ways to submit an HDAP application:

- As of October 2023, we encourage you to use our electronic application:
 - Clients can submit applications directly through our electronic [Client Portal](#). While this does not require an account, we recommend contacting us at 617-502-1700, Option 1 or hdap@2crihealth.org to set up an account to more easily submit applications.
 - Case managers can submit applications on behalf of clients through our electronic [Provider Portal](#). Please contact us at 617-502-1700, Option 1 or hdap@crihealth.org if you would like to request a Provider account.
- Via fax: 617-502-1703
- Via secure email: visit <https://crihealth.org/contact/#Secure>
- Via mail: Attention: HDAP, 529 Main Street, Suite 301, Boston MA 02129

Please complete all sections clearly and completely. In the electronic portals, all fields in **bold** with an * are required to submit the application. Please visit <https://crihealth.org/hdap-portal-resources/> for instructions, tips, and videos explaining how to use the portals.

Incomplete applications and applications without supporting documentation will delay your enrollment and may result in your application being rejected. Complete applications submitted with all required documentation will typically be processed within two to four weeks.

You are required to submit a copy of a completed MassHealth application for your HDAP application to be considered complete. If you have been determined to be ineligible for MassHealth within the past 12 months, please submit a copy of your MassHealth determination letter (include all pages). If you are already enrolled in MassHealth, ConnectorCare, or the Massachusetts Insurance Connection (MIC), you are not required to reapply to MassHealth.

All information provided by you will be kept confidential, as outlined in the [HDAP Client Consent for the Release of Information and Client Certification Statement](#).

Once your application has been approved, HDAP will send you an approval letter showing the end date of your current eligibility and providing any further instructions for your continued enrollment. You must recertify with HDAP/CHII every six months in order to remain active in the program.

The Client portal and HDAP application will be available in Spanish in the future.

Client Consent

All clients must sign the updated [HDAP Client Consent for the Release of Information and Client Certification Statement](#) ("Client Consent").

- If you are applying using the Client Portal, you will be required to agree to the Client Consent by entering your name and the date before completing the application.
- If your Case Manager is submitting an application on your behalf through the Provider Portal, you will need to sign the Client Consent and have your case manager upload the signed copy to the application. Once you have signed and submitted the new consent form, you do not need to sign it again as long as the consent remains valid.
- If you are sending a paper application via email, fax or mail, you will need to include a copy of the new signed Client Consent with your Application. Once you have signed and submitted the new consent form, you do not need to sign it again as long as the consent remains valid.

If you are using a portal, when you have completed the application, click '**Submit Application**'. The system will check to verify all required information has been entered. If required information is missing, a message will be displayed alerting you that you must complete the required information in order to submit the application. After you have entered the required information, click '**Submit Application**' again.

Once all of the verifications are complete, you will receive a confirmation of your submission along with a confirmation code. Please make note of this code, as it can be used to check the status of your application. If you do not have a portal account, the confirmation code is the only way to check on the application status using the portal.

Documentation is not required to submit the electronic application to allow you time to gather the information needed. However, this documentation is still required for HDAP to process your application. If any proof documentation is missing, it will be noted on your submission confirmation message. If the documentation that is missing is required to process your application, HDAP staff will notify you when we attempt to process your application. You can submit documents any time after submitting the application by clicking on the '**Submit Any Other Documents**' button.
